EXECUTIVE OFFICER/APCO

The Bay Area Air Quality Management District (the "District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source(s).

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source(s) of air pollution. A description of the proposed project follows:

Two natural gas-fired crematory retorts, with the secondary chambers operating at or above 1650°F, a residence time greater than one second and an exhaust gas grain loading of less than 0.06 grains per dry standard cubic feet adjusted to 7% O₂, that meet the requirement for Best Available Control Technology for toxic air contaminants

The District has determined that the increase in health risks resulting from toxic air contaminant emissions from the proposed source(s) are within acceptable levels, and that the project will comply with all other applicable air pollution control requirements. Accordingly, the District plans to issue a Permit to Operate for the proposed project.

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:

http://www.baaqmd.gov/pmt/public_notices/2004/index.asp

PUBLIC COMMENT PERIOD

There is a 30-day period for public response to this proposal. If you wish to comment on the proposed project, you may do so in writing or by e-mail. Alternatively, you may call and leave a telephone message up to one minute in length. Please leave your name and telephone number so that a District staff member may respond to your message.

Please use the following contact information if you would like to comment on the proposed project:

Mailing address: All Faiths Crematory Public Notice Response
BAAQMD
Engineering Division
939 Ellis Street
San Francisco, CA 94109
Attn: Jane Lundquist

E-mail address: jlundquist@baaqmd.gov

Telephone Number: (415) 749-5040

The public comment period for this project ends on September 2, 2004.
